Bruce:

After consultation with my management, and in the spirit of cooperation, we hereby grant you the requested extension.

Please be advised that I will be away from the office starting 09/12 through 09/29. Please direct all communications during that time to either Tom Krueger or Matt Mankowski.

Subject: Ellsworth - Project Coordinator/Financial Assurance

Mazin:

By our calculation, the dates to notify USEPA of our Project Coordinator and secure financial assurance under the Administrative Order on Consent are 9/8 and 9/15 respectively.

In the past few weeks we have been devoting all of our attention to resolving the issues surrounding the Three Party Agreement and associated Water Services Agreement in an effort to get the project underway in the field. We have not yet been able to devote the time we deem necessary and appropriate to identify candidate Project Coordinators and go through the selection process. Nor have our folks yet been able to coordinate their efforts to assure that the proposed assurances will meet all applicable requirements.

Consequently, we request an extension of time to and including Tuesday, September 23, 2003 to submit the name of our proposed Project Coordinator to U.S.EPA and to post the financial assurance.

In the interim, I have been authorized to serve as the Group's point of contact for any communications to be distributed pursuant to the Order and related documents.

Thanks in advance for your consideration.
